Members are kindly reminded to inform the Club Management as soon as you are aware of anyone in your family or yourself that has tested positive for the COVID-19 virus.

The following important information will help us expedite the processing of exposure at RSGC more quickly and efficiently if we know the following details.

- When was your test done
- When were you informed of the positive results of your test
- What action have you taken to quarantine yourself or your family member/s
- Who (at RSGC) have you been in contact with for the 7 days before the positive result
- When was the last time you were at the Club
- Who were you in contact with at the Club
- Where did you go within the Club, when, and what did you do

If you have been in close contact with someone who was tested positive for the virus, please get yourself tested and stay quarantined at home for 10 days. Be on the lookout for symptoms even if your test result was negative.

We continue to assure Members that as a daily standard operating procedure (SOP), all areas of the club are sanitized, disinfected, and cleaned. Your health and safety is our main concern, please be careful, wash your hands frequently, wear a face mask, and practice physical distancing.
