COVID-19 UPDATE NO. 7

Saturday, 31 October 2020

Dear Members,

Please be informed that we have received confirmation of another case of COVID-19.

Member (C3) tested positive on 30 October 2020, as he had close contact with Member (C1), and this prompted Member (C3) to have a test done on 27 October 2020. The result of that test was negative and then they self-quarantined at home. Then on 30 October 2020, Member (C3) was not feeling well, and another test was done which then tested positive.

The Club has contacted the Ministry of Health and they have been informed accordingly of this 3rd case close contact tracing will now follow with all people who have been in close contact with Member (C3).

We would like to ensure all Members, that we are taking all precautionary measures when dealing with members' details especially those who have been tested COVID-19 positive.

We will keep Members updated as we receive more information.
