

COVID-19 UPDATE NO. 8

Sunday, 1 November 2020

Dear Members,

We regret to inform you that we now have a fourth COVID-19 case (C4s) this is one of the Clubhouse Men's Changing Room (MCR) staff. This staff was in close contact with C1 on 24 October 2020 and C2 on 26 October 2020.

C4s is from the first batch of 48 staff and caddies that were in the close contact list from C1. They were all tested by the Ministry of Health (MOH) on 28 October 2020, and are all currently under home quarantine.

The MCR area has a high traffic flow and is a high area of contact, The Committee (TC) would like to advise all those who have used the MCR between 20 to 27 October 2020 to please have tests done as a precautionary measure. Although the MOH is satisfied that the Club has complied with all SOPs, the MOH has advised that the Club remains closed until all 47 staff and caddies test results are released.

Please be advised that the Club is closed until further notice, awaiting the balance of the 47 staff and caddies' results, this is to reduce further risk and exposure to members and staff.

The Club will conduct another deep sanitizing exercise over the 2nd and 3rd November 2020. Only essential management and staff will be at the Club, and all other staff will work from home until further notice.

On another note, we are happy to also announce that the good news is that all the second batch of 410 staff, caddies, and workers that were tested on 30 October 2020 tested negative.

We will continue to update members on further developments as we receive more information.

In the meantime, please stay safe.

The Management
